

Absolute cleanliness is Godliness! Teach the Moral ABC that unites all mankind free, instantly 6 billion strong & we're All-One. "Listen Children Eternal Father Eternally One!"

Free from the crowd to dwell with truthfulness. Be satisfied with what you have, it may be small! To hoard brings hate, to climb brings dizziness, the crowd has envy & success blinds all! Be happy with what to your lot may fall! Work well yourself to council others clear, and full truth, hard work, God's Law shall make you free! There is no fear! Torment yourself not all the crooked to redress nor put your trust in fortune's turning ball! Great peace is found in little busyness, and war but kicks against an age-old wall! Strive not, you earthen pot, to break that wall! Subdue yourself and others you shall hear, and full truth, hard work, God's Law shall make you free! There is no fear!

Dr. Bronner's was founded in 1948 by Emanuel Bronner, a third generation master soapmaker from a German-Jewish soapmaking family. He used the labels on his superb ecological soaps to spread his message that we must realize our transcendent unity across religious and ethnic divides or perish. "We Are All-One or None!"

Certified by the same National Organic Program that certifies organic food, our conditioning & styling crème provides light styling hold while making hair silky soft without any synthetic ingredients. Organic virgin coconut oil makes hair shiny, organic jojoba oil imparts excellent manageability, while organic hemp oil moisturizes and softens hair.

Organic Fair Trade Coconut Oil: Our Serendipol project in Sri Lanka has become the world's foremost source of certified organic and fair trade Virgin Coconut Oil. It not only supplies Dr. Bronner's growing demand for cosmetic-grade coconut oil – the primary ingredient in our hair crème and soaps – but also supplies premium quality oil for Dr. Bronner's own line of food-grade Virgin Coconut Oil. The project positively impacts over 1,000 farmers and staff by supporting fair wages, good working conditions and agricultural training. A Fair Trade Fund is used for community-led projects to improve health, sanitation, education and infrastructure.

Organic Fair Trade Ethyl Alcohol: Our cosmetic-grade ethyl alcohol comes from sugar cane farmed in the steep hills of Ecuador's Bolívar and Cotopaxi provinces. We partner there with the CADO cooperative, whose member taining and reestablishing the native forest is farmers commit to organic farming practices and to stewardship of the local ecosystem. Main-essential to both alcohol distillation and the integrity of the Andean foothills on which they depend.
