

Declaration of Interdependence

We envision a new sector of the economy which harnesses the power of private enterprise to create public benefit. This sector is comprised of a new type of corporation - the B Corporation™ - which is purpose-driven and creates benefit for all stakeholders, not just shareholders.

As members of this emerging sector and as entrepreneurs and investors in B Corporations™,

We hold these truths to be self-evident:

That we must be the change we seek in the world;

That all business ought to be conducted as if people and place mattered;

That, through their products, practices, and profits, businesses should aspire to do no harm and benefit all.

To do so requires that we act with the understanding that we are each dependent upon another and thus responsible for each other and future generations.
