Dr. Bronner's was founded in 1948 by Emanuel Bronner, a third generation master soapmaker from a German-Jewish soapmaking family. He used the labels on his superb ecological soaps to spread his message that we must realize our transcendent unity across religious and ethnic divides or perish: "We Are All-One or None!" Emanuel Bronner passed away peacefully on March 7th of 1997. The business continues to be run by the Bronner family.

Whatever unites us is greater than whatever divides us! Yet, if absolute usefulness is not for me, I'm nothing but classless, raceless masses, a slave, never free nor brave! Only if constructive-selfish I work, perfecting first me, like every arctic owl-penguin-pilot-cat-swallow-beaver-tee, can I teach The Moral ABC, the real Rabbi Hillel taught Jesus to unite all mankind free.

Gentle enough to be used anywhere—hands, face or body. Our lotions are highly emollient, so start with a small amount. Keep a bottle by your sink and apply a pea-sized amount after hand-washing. Put it on right out of the shower, before skin dries. Just a few squirts will cover the whole body and absorb quickly into skin. Nourishes and moisturizes organically. Massage slowly into skin for deep relaxation, always towards the heart. Breathe deeply! Health is Wealth!

Organic Fair Trade Coconut Oil: Our Serendipol project in Sri Lanka has become the world's foremost source of certified organic and Fair Trade Virgin Coconut Oil. It not only supplies Dr. Bronner's growing demand for cosmetic-grade coconut oil – the primary ingredient in our lotions and soaps – but also supplies premium quality oil for Dr. Bronner's own line of food-grade Virgin Coconut Oil. The project positively impacts over 1,000 farmers and staff by supporting fair wages, good working conditions and agricultural training. A Fair Trade fund is used for community-led projects to improve health, sanitation, education and infrastructure.

Organic Hemp Oil: Dr. Bronner's uses hemp in all of our body and hair care products because of its unsurpassed essential fatty acid content, which mirrors the skin's natural oil and helps make our products smoother and less drying. Hemp oil serves a symbolic purpose for us as well: hemp farming is still banned under U.S. Federal law, one of the more absurd facets of a failed drug policy, and we are committed to the cause of bringing hemp agriculture back to the U.S.

Organic Fair Trade Ethyl Alcohol: Our cosmetic-grade organic ethyl alcohol comes from sugar cane traditionally farmed in the steep hills of Ecuador's Bolívar and Cotacapi provinces. We partner there with the CADO cooperative to stewardship of the local ecosystem. Maintaining and reestablishing land on which they depend. A better price for alcohol has meant that
